NGAP

New Generation Aviation Professional (NGAP) Programmes for a Sustainable Aviation Workforce

Creating and implementing a New Generation Aviation Professional (NGAP) programme involves conducting gap analyses, designing outreach initiatives and training frameworks, and fostering workforce attraction and retention strategies in alignment with the mandate established in Assembly Resolution A39-29.

► LEARNING OBJECTIVES

At the end of this session, participants will understand the steps for each aspect of NGAP programme development;

- Identify the elements of an NGAP programme
- Enhance talent attraction initiatives.
- Implement effective training programmes
- Improve workforce retention strategies
- Facilitate collaborative partnerships

► TARGET POPULATION

Primary Human resource managers / Talent development specialists / Aviation recruitment agencies

Secondary Aviation industry players / Educational Institutions / Training Organizations

► STRUCTURE OF THE COURSE

Duration: 4 days / 24 Hours
Delivery mode: Workshop
Language of instruction: English

Tuition Fee:
THB 61,500
USD 2,100
